

Prof. Sam Manickam

Professor of Clinical Psychology

&

Founder- IPN

Bio

Prof. Sam Manickam is the professor of Clinical Psychology and the founder of Indian Psychological Network (IPN). He is a Gestalt Therapy Trainer, Hon. Director of Research and Training, Mhat Kozhikode, Fellow at the Indian Association of Clinical Psychologists, Member-International Association for the Advancement of Gestalt Therapy, Member-Society for Advancement of Psychotherapy and Member-Affiliate-American Psychological Association.

During his career, he was associated with governmental as well as non-governmental organizations and served as a resource person in the areas of alcohol and drug management, sexual health counseling and psychosocial support for individuals when they face catastrophes. He is also an international affiliate of the American Psychological Association and is also in the editorial board of reputed journals including the Indian Journal of Psychiatry. He has traveled across continents which has provided him a multicultural approach to address psychological issues.
