Keynote address on:

Methodology for Indian Psychological Research

Abstract

The methodology for developing Bharatiya constructs and developing models and theories from texts will be discussed. Not only fundamental constructs like self, *adhyAtma*, *lokasaMgraha*, *lajjA*, *zraddhA*, and *tapas* will be discussed, but also how to develop such constructs will be presented. The process of scale development from texts and other sources will be enumerated. Methodology for bridging the lifeworld and microworld or scientific world will be discussed.
